PIMS-Ulethbridge Distinguished Visitor

Francesco Pappalardi (Università degli Studi Roma Tre)

18-28 January, 2016

University of Lethbridge

REDUCTION OF GROUPS OF RATIONAL NUMBERS

Friday, January 22

12:00-12:50 pm

UHALL, Room B660

NEVER PRIMITIVE POINTS ON ELLIPTIC CURVES

Monday, January 25

12:00-12:50 pm

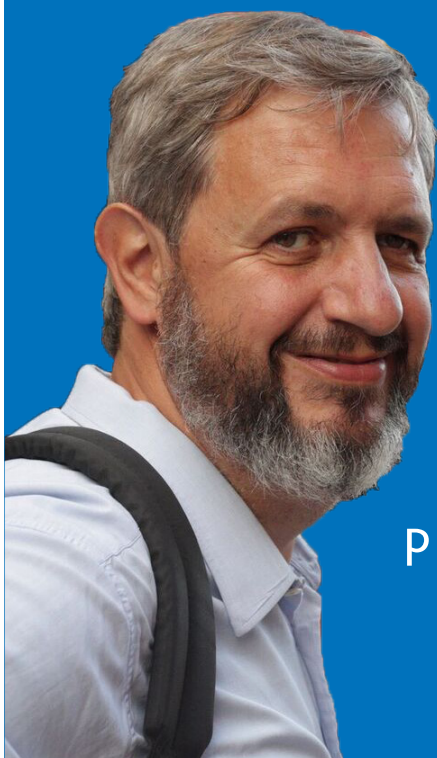

UHALL, Room C630

THE DISTRIBUTION OF MULTIPLICATIVELY DEPENDENT VECTORS

Wednesday, January 27

10:00-10:50 am

UHALL, Room C630

FRANCESCO PAPPALARDI is a leading expert in analytic number theory and its applications in distribution problems such as the celebrated Artin primitive root and Lang-Trotter conjectures. Dr. Pappalardi is Associate Professor of Algebra at the Università Roma Tre in Italy.
